

STEVEN EMMASON

EXPERIENCED HEAD OF SOFTWARE DEVELOPMENT

✉ [email me](#) | 💻 [my portfolio web site](#)

PROFESSIONAL PROFILE

Welcome, my name is Steven Emmason. I'm a professional senior engineering manager specialized in building and optimizing software development teams. Large or small I love to help realize true potential and innovation. Experienced in all aspects of the software development life cycle. So, if you're interested in starting a team from scratch, expanding, resolving performance issues, or even quality of product and services improvement, I'm your chap.

WHAT I'M OFFERING

AUDITING & ANALYSIS WITH PROJECT MANAGEMENT

Years of experience as a manager coupled with being an ISO certified auditor with a large variety of tools on my belt to assess existing processes. The experience to help make changes a reality and to encourage team acceptance.

SDLC BEST PRACTICES

ISEB certified in software development and testing with many years' experiences in various forms of agile frameworks such as Kanban. Crystal, Scrum, Lean, XP, etc. Build a focused team.

QUALITY

Worked several years in quality-based roles both as an engineer and manager. Well versed in quality controls and tools such as ISO 25010 and 29119. Capable of driving 3C's correctness, completeness, and consistency. Always customer focused.

ABOUT ME

From a very early age I've been driven by a keen interest in technology. In the early days of my career, like many, I was focused on knowing more and specializations. In time I delved into quality improvements. This by natural growth led me into management.
